

## **Hamilton Gault Memorial Fund Educational Bursary Report**

The HGMF Bursary program has been allocated a budget of \$21,000 for 2021.

Each of the bursaries are named after a Regimental figure or an action and the successful recipient will receive a biography about the individual or event to help them further understand the significance Regimentally.

The success for 2020 HGMF Bursary program was the Branch Presidents and the Regimental Major Slade Lerch advertising the program to all students and making last year a success with 48 applications. We are hoping for the same response this year.

All the entries were exceptional and the selection board had a difficult time choosing the successful applicants.

Please ensure that your application is filled out correctly in accordance with the instruction below. Remember that distance learning applications are accepted.

The 2021 application is attached.
